

# TOP 10 THINGS To Know About Trustwave

Here at Trustwave, when we look at information security, we don't just see malware, company policy violators or event logs. We see security differently. That means that we not only help our customers prepare for threat battles, we also help them prepare to win business battles, from the budget to the boardroom.

## 1 More than 3 million businesses and growing.

We help businesses worldwide fight cybercrime, protect their data and reduce security risk through our cloud-based platform.

## 2 Security delivered through the cloud.

It's more than just an intuitive, easy-to-use portal that offers unique visibility into and control over security. Behind the scenes, TrustKeeper® is a cloud-based gateway to our powerful technology platform.

## 3 Customers in more than 96 Countries.

Our large, global client footprint gives us visibility into security threats-visibility enhanced by the Trustwave SpiderLabs® teams' applied research and field testing.

## 4 Industry-leading managed security services.

We're recognized by the industry's top industry analyst firms, such as Forrester Research<sup>1</sup> and IDC<sup>2</sup>, for our leadership in managed security.

## 5 Data breach investigators.

Having responded to thousands of data security incidents and performed thousands of penetration tests, Trustwave stays apprised of the latest threats and methods of data compromise.

## 6 Powerful security research.

We monitor billions of security events per day and conduct security research that produces unique threat intelligence that fuels our industry-leading services. Our security research and major threat discoveries help keep our customers safe and secure.

## 7 Anti-malware innovators.

Whether it's our Zero Malware Guarantee or the kudos we get from *SC Magazine* for being inducted into their Industry Innovator's Hall of Fame, it's clear our Secure Web Gateway and Managed Anti-Malware Service stand out.

## 8 More than 1,200 employees strong.

We've multiplied the force — with more than 1,200 employees and a local presence in 26 countries worldwide.

## 9 More than 150 cyber threat experts and counting.

Trustwave SpiderLabs is Trustwave's elite team of ethical hackers, forensic investigators and security researchers helping businesses across the globe.

## 10 A top e-commerce solution.

We're a top 10 Global Certificate Authority (CA) — protecting the e-business applications of hundreds of thousands of online merchants.
